

This listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims

1. ***(previously presented)*** A method of treating the skin health of a subject, said method comprising the steps of:
 - (a) accessing a sample of interstitial fluid from the skin of said subject;
 - (b) measuring the amount of a skin analyte in said sample; and
 - (c) applying a skin care product to said subject to alter the amount of said skin analyte in the skin of said subject.
2. ***(previously presented)*** A method of claim 1,
wherein said method comprises creating an opening in the stratum corneum of the skin of said patient and accessing said sample through said opening.
3. ***(original)*** A method of claim 2,
wherein said opening is created with a needle, a blade, a laser, or an electric arc.
4. ***(original)*** A method of claim 3,
wherein said opening is created with a laser.
5. ***(original)*** A method of claim 2,
wherein said sample is extracted through said opening under negative pressure.
6. ***(original)*** A method of claim 3,
wherein said sample is extracted through said opening under negative pressure.
7. ***(original)*** A method of claim 1,
wherein said skin analyte is a vitamin, an immunoglobulin, an insulin-like growth factor, an interleukin, an interleukin receptor antagonist, or a

metalloproteinase.

8. *(original)* A method of claim 1, wherein said skin analyte is vitamin C.
9. *(original)* A method of claim 6,
wherein said skin analyte is a vitamin, an immunoglobulin, an insulin-like growth factor, an interleukin, an interleukin receptor antagonist, or a metalloproteinase.
10. *(original)* A method of claim 6, wherein said skin analyte is vitamin C.
11. *(previously presented)* A method of claim 1,
wherein said method further comprises comparing the amount of said analyte to a reference standard.
12. *(previously presented)* A method of claim 2,
wherein said method further comprises comparing the amount of said analyte to a reference standard.
13. *(previously presented)* A method of claim 4,
wherein said method further comprises comparing the amount of said analyte to a reference standard.
14. *(previously presented)* A method of claim 6,
wherein said method further comprises comparing the amount of said analyte to a reference standard.
15. *(previously presented)* A method of claim 10,
wherein said method further comprises comparing the amount of said analyte to a reference standard.

16. *(original)* A method of claim 1,
wherein said skin care product comprises a vitamin.
17. *(original)* A method of claim 2,
wherein said skin care product comprises a vitamin.
18. *(original)* A method of claim 4,
wherein said skin care product comprises a vitamin.
19. *(original)* A method of claim 6,
wherein said skin care product comprises a vitamin.
20. *(original)* A method of claim 10,
wherein said skin care product comprises a vitamin.
21. *(original)* A method of claim 11,
wherein said skin care product comprises a vitamin.
22. *(original)* A method of claim 12,
wherein said skin care product comprises a vitamin.
23. *(original)* A method of claim 13,
wherein said skin care product comprises a vitamin.
24. *(original)* A method of claim 14,
wherein said skin care product comprises a vitamin.
25. *(original)* A method of claim 15,
wherein said skin care product comprises a vitamin.
